1. It is contemplated in the near future to send a Junior Auditor to our unit in [REDACTED] and perhaps supplementary help to our men in [REDACTED]. However, some recruitment and readjustment of slots must take place before such individual(s) can be picked. As soon as a decision has been reached in regard to the individual(s) to fill the position(s) the respective division(s) will be contacted in regard to the necessary training.

2. The problem of replacing people returning from overseas positions will not arise in the near future so far as this office is concerned. The first two men due to return in October have asked for another tour of duty after home leave. The rest of our men have been in the field for only about one year, more or less.
